◀ Company Profile ▶

Zhuzhou Huaxin Cemented Carbide Tools Co., Ltd. has been developing steadily since its foundation in 1986. Specializes in the production and development of standard and non-standard carbide tools and inserts and other non-standard products. Our KANTISON® series of products have established a deep market base and enjoyed an excellent reputation in many industries, such as aviation, military, 3C electronic mold manufacturing, automotive and motorcycle parts, compressors, hydraulic parts, sewing machines and so on.

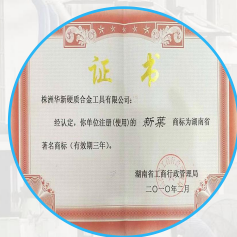

Development History

In 2006, our company was restructured into a subsidiary company held by Zhuzhou Cemented Carbide Group Co., Ltd., and our products cover the industries of aviation, military industry, automotive and motorcycle parts, compressor, hydraulic machine, sewing machine and so on.

1986

In 2009, our company was fully restructured into a private joint-stock enterprise, and the trademark of Xinye® was awarded as Hunan Famous Trademark.

2008

In 2023, our company has officially signed a contract to enter the International Trade Center

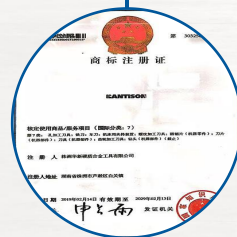

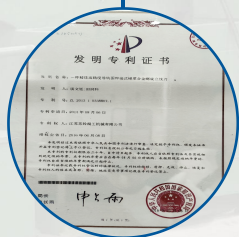

2018
